

# Jonathan Chapman-Moore Autobiography

My family is from Johnson City TN I was born in 1978. we moved to Atlanta Ga for 5 years. while my dad was manager of McDonalds and offered a franchise. He later worked as a manager in Building materials with a company owned by Fidelity investments, before he retired. We moved back to the Tri-Cities TN/VA We lived in 2 large houses before my mother became ill and we had to move into a condo.

My first school was The English [Sullins academy](#). Where my first love was Casey Willard in 1984 pictured to the right and skipped the 1st grade because of my dinosaur studies went to a World's Fair in 1982, where they wrote my name in every other foreign language. Used parents TRS-80 for games and parents Dow Jones ID, and bought I got an IBM Aptiva in 1996 for High School Graduation. Or the Knoxville International Energy Exposition. I didn't like the horror movies of the 80's because of Digital Corp. Haven't wanted many since. I went to St. Anne's Where I was featured in the 5<sup>th</sup> grades arts fair I drew a Helicopter and went to Jamestown Va. I had a confrontation with a gay kid named Scott Shepard and told his mother. Hollins Communications in Roanoke VA where I was diagnosed with a lateral lisp. Homeschooled personal finance. I went to Virginia High School ant took AP English, AP Biology and 4 years of Latin. My first girlfriend was Michelle Hall. Joined the National

Association for the Gifted in 1995 when my mom tested me at a psychologist across the street from Sid and Cigarettes. In Bristol, TN.

I listened to alternative music in high school which was popular but didn't want to be famous just wanted to be known as good musicians. My Mom called an Atlanta, Ga DJ in 1994 and got me copies of Pearl Jam's 'Private Radio' Broadcast. I went to a Tool concert with a stargazer or flat top classmate and got autographs and A Pearl Jam concert in 1998 on my own with a pass and played ping pong for 1 hrs. backstage before the show. Didn't ask for autographs. My aunt is from California.

My first job was at Grand Piano Home Furnishings downtown Bristol, TN/VA I began my professional career right out of high school in technical support and development as a Macromedia User Group with clients that included Avril Lavigne, Green Day, and Garbage. Used the Macromedia Freehand Trace tool at TCAT and ETSU meetings to trace my drawings from paper or sketchpad. In Nondisclosure agreement For Flash Player and SWF Source which is now at the Computer History Museum. Learned Graphic Design from Macromedia. Was a child star at Macromedia in the Tri-Cities TN/VA as a User Group. Consulted on multimedia with clients from 1999-2004. On fixed media a few of our clients included Avril Lavigne, Green Day the band Garbage. Signed NDA given to me by Gabriella Barragan and Mark Walker for Flash Source then later worked for Adobe and FreeBSD volunteer and contributor Was taught COM and OLE on Develop Mentor. Where I studied ANN's or Artificial Neural Networks for 2 years. At the same time pursuing my associates and bachelors in computer science. I graduated summa cum laude from Tenn. Tech in Carter County TN. One of my first Microsoft Press Books was 'Programming Bots, Spiders and Intelligent Agents' in 2000. Bought and read Donald Knuth Art of Computer Programming Vol 1-3 in 2000. and I'm a UVa alumni and I'm COE and ABET Certified in Computer Science and Digital Design with a C in Operating Systems Theory, Data Structures and Algorithms And C# and a B in Digital Art with Adobe CS6, Accounting and Geology. and C/C++. My Geology teacher taught me to never to conform.

Former MSDN Student Ambassador, And Visual Studio Industry Partner. 27 Years' Experience in DOS and Windows beginning with 3.1 I was also a web developer for the UVa-Wise Magazine. And Vice President of the ACM Wise Chapter I was a 2003 MSDN Student Ambassador and VHCC Scholar with award 3.5 GPA. I'm Windows Internals Certified. I participated in the Charlottesville Va, Windows Source program in 2003 at UVa, The Longhorn Migration Program in 2005 and the Windows Kernel Source program in 2009. I still have my MSDN Academic Alliance files. Paid for a 1998 MSDN Library, 2000, 2004 MSDN Enterprise Subscriptions. And 7 2006-2014 Action Packs. With one three-year 2016 Bizspark with ID cards.

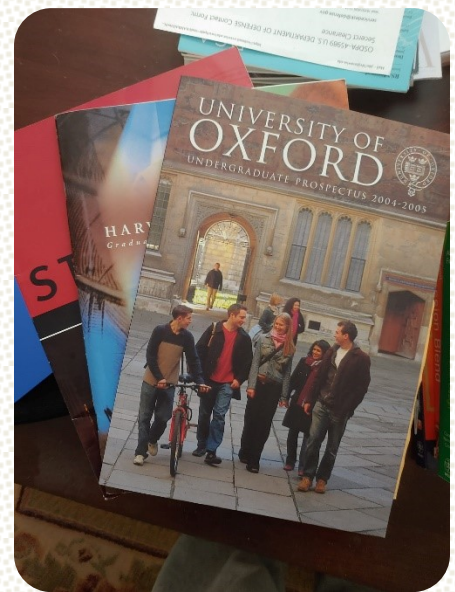

In College I worked on Microsoft Biology Foundation with Microsoft Research officially and for my capstone I worked on a Missile Container project for Northrup Grumman. Bought 5 MSDN Enterprise Subscriptions from 2003-2018 Bought a 2008 Mac Pro and Adobe Creative Suite 2, CS5 and CS6.

My father remarried which I did not approve of and quoting Eddie Vedder "bastard that married my mama" vice versa in a 1994 Pearl Jam Altana Concert "The bitch that married my dad" she wanted a small business just didn't have the education for corporate contracts or

bonds like me. She was mean to me. Not my father. I blame her for talking to McClure Racing that lives across the street from my dad's house for my Psychosis.

Entered a Macromedia student design contest and made a UI prototype called Vista in 2005. I participated in Microsoft Research's Windows NT Source programs in 2003 and 2009 at UVa. Obtained my Windows Source from a Prof Stewart the CS System Admin. Received a market Microsoft tender offer in 2005 which can be used I hope as an appraisal. I became a Microsoft Visual Studio industry partner in 2005. And participated in Microsoft Tech support from 2003-2013 with about 45 cases about \$400 each and intracompany emails from Bill Gates, Steve Ballmer, on security the evolution of networks and homogenous and heterogenous systems. and was supposed to go to Oxford or Stanford in 2004. Instead went to UVa-Wise and received a letter from President Obama. Had a Microsoft Social Network on Facebook in College in 2008-2013, worked with Microsoft Research on .Net Bio with Rick Bienge and Official Windows 8 PowerPoint Storyboards before it was hacked by hackers.

Went to Microsoft Conferences PDC 2003, MIX 09, and Build 2017. My complete discography is available on Bandcamp. I'm a BMI writer and publisher. And developed some VST's and Rack Extensions for Reason Studios in Sweden from 2009-2022. Including the official Complex-1. Worked on Windows 8 PowerPoint Storyboards on Facebook with Microsoft employees I'm a 2019 Microsoft Bizspark Graduate with graduation email from Microsoft's Midori Lawler, Free Microsoft Tech Support and A Changeset of Verve. And on the Barrelfish Multi Kernel Microsoft Research Team Mailing list. and joined Edx and Azure for Students to pursue my masters online. I recently gave a \$10,000 gift to the University of Washington's Presidents Fund in memory of my mother and father. In hope to maybe someday soon to build their Spin Operating System. 'Spin the Black Circle' ---Viva Va La Vinyl

I'm in the Virginia and National Associations for the Gifted since 2011 And IEEE Computer Society also a member of the Mensa High IQ society on LinkedIn I'm in the Windows CE Embedded Shared Source Program from 2003-present. I am wanting to pursue gifted studies at the University of Connecticut maybe. I scored a 142 on the Mensa mobile app. I'm an INTJ- T top 1 percent of the global population. I'm Irish, German, Ashkenazi Jewish, Mediterranean (Tuscany) and Southwest Asian primate haplogroup's H3G1 and RZ-9. (R-Z9) H3G1 has a lot of protective alleles. Rare in Eastern Europe and haplogroup mtDNA R is Ashkenazi Jewish but Irish Jewish. and 1.6% Neanderthal and 2.6% Denisovan. Below the National Average of 2.4%. I was diagnosed with psychosis in 2001 but have a normal MRI. I've read in JSTOR the competition is against Jewish law.

Current and past market holdings include CompuServe, AT&T, Cayan, Vanguard, Microsoft, Adobe, HP, GOOGL, KSA, Avid, Apple, Macromedia, UBS, Fidelity, Blue Chip Growth Fund, with millions in shareholders equity for PP&E. Currently reading the book CEO code. Held accounts at Merrill Lynch, Edward Jones, Fidelity and now Morgan Stanley and FOREX with and earned a Microsoft Tender Offer worth \$3.2 Billion in 2006 and pooled together 1.5% stake in Microsoft. I still hold a 20% private equity stake in Microsoft. I also participated in one automated trading championship. Using Meta Trader and Meta Stock Starting with 9.0 in 2004 I have a good credit rating thanks to my father it's 720. I still have my mom and dad's TRS-80 with Dow Jones ID and paperwork from the 80's And with the .NET Foundation on a Microsoft Team.

I don't drink Alcohol, Smoke, or do illegal drugs. Moral, Loyal, Educated, Computer Science, Music, Swimming, Driving Range and Reading, I have a clean criminal record but had problems. I am a Moore #1 Irish pedigree. and Heritage activist. Microsoft Partner and in Adobe contract. Royal Society of the Arts Fellow. I don't believe in making a person's heritage extinct only forward and extant. I frequently read Burke's Peerage. I do not support the Supreme Court's ruling on Virginia V. Loving. I do support the U. S's involvement with UNESCO and the United Nations. And cultural heritage laws. And I don't support same sex

marriage. I support Theism and the Abrahamic Religions. [Competition in consumption as viewed by Jewish law.](#)

I know Democrats are neoliberals, Republicans end up in assisted living and the GOP is the party of fear, libertarians just get served the green party ends up on the street. and independents ask too much I stay away from politics. And I also believe society is zero sum and will only go to fairs.

I received straight A's in computer science in college at Tenn. Tech and a 3.0 at UVa. Recently downloaded my SCO Open Server 5 what used to be Microsoft Xenix and wanting to install it on my older desktop. Currently support the CFR. Submitted my Application to Celtic Castles LTD in the UK. Offered 3 Microsoft jobs one in Japan, Redmond and Dublin in Software Engineering and Windows Compatibility. Me and my Family are working on a Trust for me and the rest of my Family and just cash out shares. I still invest. Learning Microsoft ESP. Shipped Fluent Control Ribbon 2.0, World Wide Telescope & WPF Toolkit 3.5 & 4.0 through Codeplex and Component Source. In 2010 with Xceed & Janus Systems & Software. With the Ribbon Control Library Suite. On Teams. Through their reseller program. Shipped the .NET Core 2.1.5, 3.13 and Roslyn and portions of Visual Studio 2019 through the .NET Foundation and upstream and downstream pull requests. And joined the Windows App Developer program in 2019. And paid for my Windows 11 Features of Demand with Insider Hub to work with PE. Using Microsoft Solomon since 6.0 and in employee support with Dynamics SL until 2028 And buying a Employee Pack this holiday season. In 2009 I bought from Apple's iTunes the Documentary 'DMT the Spirit Molecule' Royal Society of the Arts Fellow Nominated in 2022 for Fellowship Counsel and accepted in RSA in 2018 for the help of the discovery of the Higgs Boson and Gravitational Waves through Berkeley Open Infostructure. Studied neonatology and was in a GEMSAC biology social network during my time with RSA until now. And I believe Football is bad for society.

Working on a patent protected framework and C# Operating System. And built the University of Washington's Spin OS on Linux 4.2 and my favorite Linux book is Pro Linux

Embedded Systems Favorite Microsoft Books are the .NET developer Series from Addison Wesley. Bought and read the Noble Prize-Winning Book 'Who Gets What and Why' by Alvin Roth and the book ends with engineers. I use Microsoft Dynamics NAV 2017, Power BI, Cyan Spring and Meta trader for FOREX for Investments and investing in the S&P 500 and 100. Grew up on CNBC in the 90's. Had an internship at Northrup Grumman and worked on a missile container project. I made ambient music on Bandcamp but after sales failures had to pull my catalog from BMI. Now studying Heterogeneous Systems and Adaptive systems. I did test as a INTJ and am accusing Southwest Virginia Doctors of stigma and discrimination and totalitarians behavior against the gifted. Maybe Dr. Oz wants to show his iPad on TV again. I blame feminists for instigation. I was diagnosed with bipolar type psychosis because of our global internet. I am a current nonvoter. Democrats are neoliberalists, republicans scare and will end up in assisted living, the green party end up on the street, libertarians will get served somehow and independents ask too much. I blame the Beatles, U2 and George W. Bush for the destruction of heritage in all UK families and want UNESCO in the U.S again. and well at the United Nations. I subscribe to the WSJ and Fair.org awaiting progress with Microsoft University in the Netherlands for which I did a 6th grade book report on. Religion and Biology are academic axioms and Mathematics hold proofs and some axioms. I also own a patent through Microsoft's .NET patent promise. Saving up for a XKL TOAD-2, DEC System a new Mac Pro, vtVAX from AVT and running BSD 4.3Reno for VAX on x86 and a new HP Z8 Desktop and Microsoft, HP, and Apple Software in a renewable investment vehicle

I have a lot is recognized capital gains from Microsoft and Macromedia because I was a shareholder using COCOMO II, options, and accounts receivable. Paid for Microsoft Money Plus and have a 1M capital return. I will be [Privately Placed by the SEC](#) in 2 Years and cash out some Startup shares I use Visual Studio 2005, 2010, 2015, 2017, with 2019 and 2022 build tools the 2003, and Vista DDK and SDK's. Bill, thank you. The world is a better place, Jobs told Gates after the Microsoft exec agreed to make a \$150 million investment in Apple. --Is our industry Zero Sum? My secret to staying young is I don't compete. [Disease competition](#) as a factor in ecological studies of mortality: the case of urban centers
